

Carmel Driver Training

So you want to learn to drive a Bus or Coach?

The first step is to add the provisional entitlement of category D to your driving licence .For this you need 2 forms, the application form **D2** and the brown medical form **D4**.

You will need to take the medical form to a doctor and have a full medical they will make a charge for this you then send both forms off to the DVLA. You can get these forms from the Post Office, local DVLA office or on line at

<https://www.gov.uk/become-lorry-bus-driver/applying-for-a-bus-or-lorry-provisional-entitlement>

When your provisional licence comes back you are able to drive a bus or coach under supervision on L plates. At this point it would be advisable to come along for a 1hour driving assessment to introduce you to the vehicle and for one of our experienced instructors to estimate the number of hours you will need to pass the Driving Test.

We suggest you then learn and pass the **Multiple Choice** and **Hazard Perception** Tests before coming for the Driver Training as you cannot apply for the driving test until they are passed. These are computer based tests are bookable on line at:-

<https://www.gov.uk/book-practical-driving-test>

There is also lots of help by following links from this page.

In addition to the theory tests there is a **CPC case study** test if you intend to drive commercially.

Once these are passed you are able to book your **Driving Test**, we can assist you with this and then book your training to suit there is then the practical **CPC “show me tell me”** test, this test can be taken before or after the actual Driving Test.
